TEKologies

ENGINEERING FUNDAMENTALS

AT AUDUBON ELEMENTARY SCHOOL
OPEN TO GIRLS & BOYS GRADES 3-6

10 FRIDAYS at 3:10-4:55 PM

CLASS DATES: January 15-March 26; No Class 2/12 or 3/19

We've added time and sessions to this class for more engineering fun!

Play-Well TEKologies provides project-based programs designed to teach principles and methods of engineering, architecture, and science to grades K – 8th, utilizing the LEGO™ building system. We strive to build problem-solving skills, provide an opportunity for creative expression, foster a greater appreciation of how things work, and encourage the qualities of inquisitiveness, self-reliance, and self-confidence in children. We do this in the context of fun-filled engineering and architectural projects that both the children and our instructors enjoy!
(This class is not affiliated with the LEGO Group.)

ENGINEERING FUNDAMENTALS- CLASS FEE: \$163

NUMBER OF SESSIONS: 10

Engineering FUNDamentals

Do you like building things? Design and build motorized machines, catapults, pyramids, demolition derby cars, buildings and other constructions out of LEGO® bricks. While exploring engineering, architecture and physics, students will develop problem solving and critical thinking skills. Returning students are given new projects that build on previous projects and concepts.

Class size is limited and enrollment is on a first come first served basis. All materials will be provided. No refunds will be issued after the first class. Refunds only issued prior to first class.
For more information about Play-Well TEKologies, visit our website at www.play-well.org.

Questions? Please contact Bobby Baird at bobby@play-well.org or 206.484.1043. or Extended Classes Chairperson Julie Haase at juliehaase@gmail.com.
